

# National History Day Finals Registration for Michigan Students

The Historical Society of Michigan will take care of registering you for the national competition, so only one check to HSM covering all of your NHD details will be necessary. HSM will register students for the National Competition and arrange for your room and meals at the University of Maryland. Even if you are only registering for the National competition and nothing else (meaning you are making your own arrangements for housing), please still use this form. HSM staff will coordinate all of the information with the National office.

Name(s) of National Finalist(s): \_\_\_\_\_
